October 2008 Revision - **Information Technology Development Association (ITDA-ETH)
& Computer Aid International (CAI-UK)**

Technical Information on the Computer Systems with **1-year** warranty and support

Standard order:

Currently the minimum specifications that we get are:

100% **Pentium 3** PCs with:

A minimum of **128 Mb-256Mb** Ram

Between 700 MHz and 1.2GHz processors

Between 10GB and 20GB hard disks

Comes with standard CD-ROM Drive and floppy drive

All systems are supplied with Network Card Adapter

All machines are 220/240 volts, compatible with Ethio- Electric power

Monitors size – 15 inch & 17 inch, wide screen.

The cost required is **1,850 Birr per p3** (This includes **shipping, Insurance, custom tax** and admin cost)

Higher specification computers

100% Standard **P4** PCs,

Minimum 256mb – 512Mb RAM,

Minimum 1.4 GHz processor up 3.0 GHz,

20 - 80 GB hard disk,

Floppy, CD-ROM, Soundcard, Network Card.

Cost required for **shipping** and **custom tax** for **Pentium 4** is **2,447 Birr**.

Each machine is a full system – boxed and securely packaged complete with its own Color SVGA monitor, Keyboard, mouse and cables.

Power plugs are UK standard (Three square pins) and they are compatible with Ethiopian electrics systems-220v.

All machines are installed with necessary software;

Windows XP Professional, Office 2003, Amharic software and Latest Antivirus

Laptop:

100% Pentium 3 laptop at **3,700 Birr** (Subject to availability) Brands are Dell, Toshiba & IBM.

Please Note:

All computers that are donated from UK come from different sources and are completely branded clones so that you will receive a **mixture** of the most popular brands used by UK companies. (Those could be Dell, Hp-Compaq, Viglen etc). To ensure fairness of distribution, no one is allowed to reserve “only Dell” or “only major global brands” etc.
